MEADOW
Breeze
FURNITURE

We would like to welcome you to Meadow Breeze Furniture. We invite you to browse our extensive line of outdoor furniture, with a hand-crafted quality that is hard to find in today's world of mass produced inferior furniture. Whether you are looking for a picnic table for your cabin, comfortable seating for your porch or stylish patio furniture for your deck, we're confident that you'll love our options, all in maintenance-free poly. We stand behind our products and our workmanship, giving you the quality that you desire and deserve.

Mahogany Conversation Table with Black and Mahogany Adirondack Chairs

Rustic

WHAT IS POLY LUMBER?

Poly Lumber is derived from post-consumer polyethylene bottle wastes such as milk and juice containers. This material is cleaned in a decontamination process to a purity level of over 99% HDPE. It is then compounded into rigid board stock. Unlike composite lumber, poly lumber is constructed of over 90% high density polyethylene and contains no wood fillers, resulting in a product that will last a lifetime.

WILL IT FADE?
Our Poly Lumber contains UV stabilizer which minimizes material breakdown from prolonged sun and weather exposure; however, red and orange are the most susceptible to fading.

TEN YEAR WARRANTY
Our Poly Lumber Furniture comes with a ten year limited warranty covering defects in workmanship, the integrity of the poly lumber material and construction hardware. Minimal color fading is excluded from the warranty. Specific warranty information is available from Meadow Breeze resellers. Ask your sales representative for more details.

CONSIDER THE BENEFITS

- Will not grow mildew, crack, split, warp, or rot.
- Available in many different colors to match your home or support your favorite sports team.
- UV Stabilized - no winter storage required.
- Chemical Free.
- No painting or staining ever.
- Does not absorb water - dries within minutes.

We have upgraded all our hardware to the more durable 316 Marine-Grade Stainless Steel. Traditional 304 and 305 grades will deteriorate in marine and saltwater environments.

RUSTIC POLY
This material is a treat for the eyes and for the hand. Rustic Poly features variation in the color almost like a woodgrain to give it a look similar to real wood. Rustic Poly also adds texture to the finish, to further imitate the feel of wood. So, if you are wanting the look and feel of real wood with the durability of poly, we have what you want!
